Building on the historical perspective that characterized the previous book in the trilogy, Atlantis Rising, this final volume asks readers to remember that when they decided "to come to this earth adventure... blowing down the Establishment Walls would be a Herculean task." But, she adds, "Fall they would indeed." Hastening this necessary next step in evolution to higher being, says author Patricia Cori, requires understanding the forces at work and how to challenge and conquer them. No More Secrets, No More Lies unmasks the lies that have been employed to disempower the human race, while illuminating the tools necessary for those who intend to ascend with a revitalized Planet Earth. Intended as a guide for overcoming the designs of the dark warriors, and a blueprint for achieving the absolute freedom that is our true birthright as the super race of the realm, this provocative book brilliantly integrates into a larger schema such issues as media manipulation, racism, dark forces, crop circles, our food and water, and imminent extraterrestrial contacts, with the cosmic unfolding of human awareness and the evolutionary activation of our complex DNA codes—our blueprint to immortality.

While most astrology books focus on sun signs only, the most obvious things about us -- our personality and physical type -- are mostly determined by the zodiac sign on the eastern horizon at the precise moment of birth. This sign is referred to as our "rising sign". Whereas the sun sign represents the ego expression, the rising sign signifies physical type and personality, which are the tools we use to get what we want. This book guides readers toward an accurate assessment of their rising signs, and then shows how, in conjunction with one's sun sign, understanding the meaning of the rising sign will enable you to get what you want out of life. It's an astrology book with a promise, and it has a unique focus.

Among the material are treaties concluded by Britain with Southern Cameroons coastal Kings and Chiefs; and the boundary treaties of the Southern Cameroons, treaties defining the frontiers with Nigeria to the west and the frontier with Cameroun Republic to the east. The book contains documents that attest to the Southern Cameroons as a fully self-governing country, ready for sovereign statehood. These include debates in the Southern Cameroons House of Assembly; and the various Constitutions of the Southern Cameroons. The book also reproduces British declassified documents on the Southern Cameroons covering the three critical years from 1959 to 1961, documents which speak to the inglorious stewardship of Great Britain in the Southern Cameroons. This book removes lingering doubts in some quarters that the people of the Southern Cameroons were cheated of independence. Its contents are further

Covid-19 has exponentially accelerated this momentum. Gig is no longer the future; it is now. Whether by choice or perforce, you either are a gig-er or will turn into one very soon. While companies are scrambling to adapt, the impact is most severe at the individual level. Rules of a full-time job do not apply any longer. You will have to reinvent yourself. It requires mastering four complementary dimensions—Gig Attitude, Gig Lifestyle, Gig Personality, and Gig Functional Skills. Peppered with real-life examples, quotes from other gig-ers, and ready-to-use templates for self-evaluation, this book will steer you to success.

significantly from the few contemporary treatises on the subject and the complicated process of constructing the moulds necessary to make the ship's frame. All the other duties performed by the master shipwrights, such as repairing ships, controlling their men and keeping up with the latest inventions are also discussed in detail. The Master Shipwright's Secrets is replete with beautiful and detailed illustrations of the construction of the Tyger and explores both its complicated history and its complex rebuilding, complete with deck plans, internal sections, and large-scale external shaded drawings. The title also explores associated ships, including another fourth-rate ship, the Mordaunt, which was purchased into the Navy at the time and underwent a dimensional survey by John Shish. A rare contemporary section drawing of another fourth-rate English ship and constructional drawings of Shish's later fourth-rate ship, St Albans, are also included.

Is she really Jewish in the eyes of her community? In her own eyes? The support of a new romantic interest and an old family friend helps Austin find strength, resilience, and forgiveness as she searches for answers about her own origins and identity.

There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move, so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional and spiritual attributes more with rising sign at times.

Gahl Sasson's second book, Cosmic Navigator, is like a GPS for the soul. It combines Astrology, the map of where and who we are, with Kabbalah the navigation system that tells us how to get to our goal and avoid those traffic patterns and areas of gridlock in our lives. This three part text is the first book of its kind. Not only is it the first book to use Astrology as a resource for self help, it also weds the wisdom of ancient Kabbalistic truths with the powerful archetypes of the zodiac to help you improve and change your life. The first part of the book introduces the basic concepts of Kabbalah and Astrology and how they work together. The second part teaches you how to interpret your own astrological chart as the road map of your life. The third and final part of the book, which is based on Gahl's twelve week workshop, walks the reader through the twelve signs and teaches them how to use each one to bring balance and success into their lives. Is your love life in need of more passion? Turn to the chapter on Scorpio and learn how to invoke that sexual mysterious energy. Do you need to be more assertive at work? Turn to the chapter on Aries and discover your inner warrior. Unlike other astrology books that simply offer stereotypical profiles, Cosmic Navigator teaches us how to take control of our astrological destinies.
